

Jeanne Conder, CFRE/CSPG

Senior Development Director, Discover Goodwill of Southern and Western Colorado

Jeanne's Development career started after an aptitude test revealed fundraising as her best career fit. After a brief stint at JA as an administrative assistant on the Development team, she landed her first of two Development jobs, leading fundraising at Pikes Peak Hospice and Palliative Care Foundation for nearly 10 years, and then as vice president of Discover Goodwill Foundation for 14 years. Seeing the need for more than one AFP chapter in the state of Colorado, she helped co-found AFP Southern Colorado chapter and served as its second President. When she is not living out her passion for philanthropy, you can find her gardening at home or biking single-track mountain trails across the Front Range and Summit County with her husband, Ron.
