

**Pamela VanOverbeke,
Resource & Opportunity Center Manager, Greccio Housing**

Pamela VanOverbeke is the Resource & Opportunity Manager and has been with Greccio Housing for since 2012. Prior to becoming a Greccio team member, Pam worked at Fort Carson as a Substance Abuse Prevention Specialist and as an Advocate/Instructor with Mothers Against Drunk Driving. Pam moved to Colorado Springs in 2001 and is now settled

comfortably with her partner of 10 years and 2 crazy dogs. She has been an advocate for a variety of causes over the past 30 years, working on the rights of homeless youth, GLBT communities, and individuals with developmental disabilities. Born and raised in Detroit, Pam is a "die hard" Red Wings fan who enjoys the great outdoors, hiking, fishing, and watching an Avalanche game every now then. (Go figure?) In her early years, Pam received her Fine Arts degree from Wayne State University. As a struggling fine artist in Detroit, she worked with a very select few who were determined to save and rebuild the city's theatre district. Most of the theatres that have survived in Downtown Detroit have done so due to the hard work and advocacy that Pam did back in the '80s and early '90s. Pam is now proud to say she is impacting lives, and not just environments.
